

Updates! MVP/AMC bbq!

Last Updated Sunday, 24 October 2010

Saturday, October 30 is the annual Piscataquog Glenn lake drawdown and bbq. The river has two sections, a class 2 run from Gregg falls dam in Goffstown to Henry Bridge road and the class 1 run from Henry Bridge to Lynchville park. Nancy Gero and John Jenkins are cooking up the steak tips, baked 'taters amd fixin's. Please feel free to bring a dessert and beverage of choice. This is always a fun run, not terribly challenging but plenty of small surfing waves to play on and lunch is on MVP/AMC!

The Piscat run/bbq traditionally marks the "end" of the paddling season for many, however the MVP will continue running trips all fall (and probably most of the winter) if we have water. Do not forget our annual Icicle Run (aka Hell on Hangover paddle) on the Winni in Tilton/Frankin on January 1, 2011!

January also marks the beginning of our pool parties. We haven't started serious discussions with the pools at this time, (or even set a budget) but I expect we will continue to have pool sessions in Manchester, Dover and Bellrica. If anyone wants support to run the Laconia pool let us know!
