

MVP Activity Payment Page

Last Updated Sunday, 03 September 2017

For participate in rolling, camping, rafting, Low Country Boil, etc, please click (to expand) the section below for the activity you're interested in. Membership is not required for all activities although it is encouraged. Go to the membership page to join. Thanks. When can I reserve/pay? The Website automatically enables each payment button as each activity approaches (as noted below each button).

- For rolling, payments can be made December–April.
- For camping, payments are enabled about 10 days in advance of the trip (except for the Fall West trip). This is to cut down on cancellations and people double-booking by mistake (as well as avoid confusion with payments for overlapping trips).
- For the Fall West payments are enabled on September 1st since this is the only trip that sells out and we want to give folks a chance to make other arrangements once we fill up.
- Please try and reserve a few days early. If we don't get enough reservations before the cancellation deadline we'll cancel some of our sites to avoid losing money. Cancellations: Once we've paid the park, given them the list of campers, or the campground cancellation deadline has past (varies for each campground, usually ranges from 1-day up to 1-week), refunds are not given. You can however sell your spot to someone else.
